I struggled all my life with my weight, I've been called many horrible names, and I had to pay extra for my size in clothing, because I was THAT-- BIG GIRL.

I eat food for comfort and cried because I didn't fit in with the rest, I didn't have a man in my life for years! Why I hear you ask, "because I didn't feel comfortable in my own skin." Until one day it hit me! I began my journey with natural weight loss using "Juice Detox".

How It All Began

My friend Nicole came to visit me 12 years ago and my life has never been the same. Nicole was that "BIG GIRL", depressed and sad. When she first arrived at my home, I looked her up and down --- I was astonished, and immediately noticed something was different about her; yes! the excess weight was gone. I could hardly recognized her. But it was not just the weight loss that made her unrecognizable.

She was happy, confident and looking radiant. I had to asked....how did you manage to lose so much weight? She said "Juice fasting and a little exercising."

I did not waste any time, I rushed to the store and bought all the green produce and fruits I could, because I was desperate for a change; not just to look better in clothing, but to be healthier.
