**Helpful And Harmful Insects (The World of Insects)** Molly Aloian, Bobbie Kalman

This book is intended for ages 4-8. Although some insects are considered pests, children will be surprised to discover just how important all insects are to the other living things on Earth, including people! Easy-to-understand text and vivid photographs help children to discover: the roles insects play in pollination; how insects make honey, beeswax, and other products; the importance of insects to other animals; which insects bite, sting, and spread diseases; and how certain insects can damage trees, buildings, and crops.
