A Midsummer's Nightmare: Based On A True Nightmare Spider Hacksaw

Not all accidents are accidents, they say.

Some accidents are nightmares.

Dillon Race and a group of friends are on a camping trip in the Colorado Rockies, enjoying an evening around the campfire, discussing everything under the sun and moon, including their worst childhood nightmares. Not long into the evening an unplanned turn of events hurls them headlong into a dark endless night of survival, as they rush to save one life, and wind up on the wrong side of the road, risking all of their lives. It is here in a realm of imitation reality that they meet a man, infected by a mental, physical, and spiritual virus. And it isn't long before things go from terrible to horrific, as they become separated and isolated in this twisted extension of the multiverse and are forced to confront their own psychological fears and trauma, by being put face to face with their worst childhood boogeymen.
