Este libro no es un texto de metodología tradicional. Propone, en cambio, un abordaje diferente exponiendo al lector las decisiones y los caminos metodológicos emprendidos en investigaciones que originaron tesis de doctorado y de maestría en ciencias sociales. La obra condensa experiencias reflexionadas y narradas por los propios autores sobre el proceso que los llevó a culminar con éxito sus tesis. Es un libro que comparte con aire intimista, la lógica del vaivén en torno a los momentos de decisión y gozo que enfrentan todos aquellos comprometidos con la tarea de investigar.
