This software product based on the four-volume paperback set provides outlines and study guides plus problems and solutions, each packaged according to the examination part. It conforms to exam specifications effective May 1996 and contains all current AICPA content requirements in each subject. This software should provide all the information needed to pass the Uniform CPA examination. The study mode should allow the user to structure and monitor study time based on personal objectives - exam mode simulates actual exam conditions. Customizable question selections concentrate on specific exam sections, questions types, and question status. The 2600-plus multiple choice questions are linked to text-specific material in the "CPA Examination Review" - this TextLink feature provides complete coverage of the topics. Explanations of answers aim to reinforce understanding of correct answers and shows why incorrect answers fall short. Diagnosis feedback on user performance should help focus on areas where the reader needs help.
