A call to transform Israel into a secular democracy by a leading writer --

This book is absolutely fundamental for those who reject the unfortunate confusion between Jews, Judaism, Zionism and the State of Israel -- a confusion which is the basis for systematic manipulation by the imperialist power system. It convincingly argues in favour of a single secular state for Israelis and Palestinians as the only democratic solution for the region. Zionism creates a terrible contradiction that eats away at the soul and conscience of the Jewish people. The problem is that you can't have a democratic state for just one people while excluding the others. It is just a logical impossibility. The notion of democracy derives from universal ideals based on universal human rights; it cannot exist where there is a systematic inequality, and all the more so when these others are those who have been dispossessed by Zionism.
