Syed Fazle Rahman

Bootstrap for Rails Syed Fazle Rahman
A quick-start guide to developing beautiful web applications with the Bootstrap toolkit and Rails framework

About This Book

- Enhance your applications with Bootstrap modals and carousels
- Explore the usage of advanced Bootstrap components and plugins in Rails through various examples
- Use Bootstrap's Grid System to create beautiful responsive Rails applications with this hands-on guide

Who This Book Is For

If you are a web developer who has a basic understanding of Ruby on Rails, this is the book for you. You should definitely have previous knowledge about HTML and how it works. However, CSS and JavaScript knowledge is optional for this book.
What You Will Learn

- Discover how to use Bootstrap in a Ruby on Rails environment
- Use advanced components and plugins from Bootstrap in Rails applications
- Create navigation bars to enable navigation between different views
- Understand Bootstrap's grid system and create page layouts
- Use Bootstrap's typography, buttons, and images in a Rails application
- Design a dummy shopping cart Rails application using Bootstrap

In Detail

Bootstrap is a free, open source CSS and JS framework that helps you create websites in minutes, and Ruby on Rails, or Rails as it's known, is an open source web application framework written in the Ruby programming language. Bootstrap is typically used in Rails applications to design websites and create themes because it comes loaded with predesigned CSS and HTML templates.

Bootstrap for Rails is for Rails web developers who are struggling to get their website designs right. It will enable you to create beautiful responsive websites in minutes without writing much CSS and JavaScript code.

The book starts by taking you through web application development in Rails. It teaches you how to set up the Bootstrap framework, and will showcase the true power of your Rails app using Bootstrap's grid system. You will learn about other Bootstrap components and move on to work with modals and carousels. It concludes with the opportunity to test your skills by creating a shopping cart using Bootstrap modals.

From reader reviews:

Jeannette Coleman:

Spent a free time to be fun activity to try and do! A lot of people spent their down time with their family, or all their friends. Usually they performing activity like watching television, likely to beach, or picnic inside the park. They actually doing same task every week. Do you feel it? Do you want to something different to fill your personal free time/ holiday? Might be reading a book may be option to fill your no cost time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to try out look for book, may be the reserve untitled Bootstrap for Rails can be good book to read. May be it could be best activity to you.

Dennis James:

People live in this new morning of lifestyle always make an effort to and must have the spare time or they will get lots of stress from both way of life and work. So , once we ask do people have extra time, we will say absolutely of course. People is human not just a robot. Then we consult again, what kind of activity have you got when the spare time coming to you of course your answer will certainly unlimited right. Then do you ever try this one, reading ebooks. It can be your alternative throughout spending your spare time, the actual book you have read is usually Bootstrap for Rails.

Jerry Jackman:

Playing with family inside a park, coming to see the ocean world or hanging out with pals is thing that usually you will have done when you have spare time, and then why you don't try issue that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Bootstrap for Rails, you are able to enjoy both. It is good combination right, you still want to miss it? What kind of hang-out type is it? Oh come on its mind hangout guys. What? Still don't obtain it, oh come on its called reading friends.

Jacob Florence:

What is your hobby? Have you heard in which question when you got learners? We believe that that problem was given by teacher on their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person just like reading or as examining become their hobby. You must know that reading is very important in addition to book as to be the issue. Book is important thing to increase you knowledge, except your own personal teacher or lecturer. You will find good news or update with regards to something by book. Amount types of books that can you choose to use be your object. One of them is this Bootstrap for Rails.
