Squalor #2 (Squalor: 2) Stefan Petrucha

"The Tao of Tippicks" Welcome to A-Time, not another dimension, not a parallel world, but your very own neighborhood bereft of linear time! Here, past, present and future merge like expressway off-ramps. Here, bestial six legged Quirks can alter the future, Glitches of powerful emotion swarm once-stable lives, and Archetypes leave (big) footprints. After a nervous breakdown, genius double-doctorate Harry Keller wasn't looking for A-Time, but he found it. Like many explorers before him, he soon learns that the terra incognita is dazzling and dangerous, because whatever happens in A-Time also has an effect here, from benign to devastating. And, just like those explorers, Harry Keller thinks he's the first. Wounded by the Quirk he fought in Issue One, Harry Keller finds he has a new proclivity for finding tall buildings and trying to jump from them! With Harry acting stranger than ever before – which is really impressive – his friend Jetty gets him a physic professor to play with. But will the esteemed Tippicks make Harry sane, or will A-Time drive the professor batty? From best-selling author Stefan Petrucha (Marvel's Deadpool: Paws, Ripper).
