## Flip and See ECG Elizabeth Gross Cohn

When it comes to learning ECG interpretation, there's simply no faster or easier way to master basic rhythms than this unique book. Using a fun and easy-to-understand writing style, this updated new edition uses humor, cartoons, and personal stories to walk you through the entire ECG process: from finding a heartbeat, to monitoring an electrocardiogram, to interpreting the heart rhythm. A unique *Flip and See* section allows you to view normal ECGs on one side of the page and abnormal ECGs on the other, along with concise text that clearly explains the differences between them. Plus, the completely redesigned Cohn's Pocket Guide for ECG Interpretation aids both students and practitioners in rhythm interpretation.

- **Lay-flat spiral binding** makes it easy to use anywhere, and the small size fits into a lab coat pocket.
- **Unique Flip and See section** at the end of the book allows you to see each rhythm side-by-side with a normal ECG rhythm, while a written walkthrough explains the important differences between the rhythms.
- **Excuse Me! features** highlight frequently asked student questions with easy-to-understand answers.
- **Conversational language and clear illustrations and cartoons** make the information easy to remember and fun to learn.
- **New and updated information** across the entire book includes coverage of new pacemaker strips and now includes 12-lead interpretation and 12-lead axis identification.
- **New cartoons** have been added to make key points memorable and entertaining.
- **Updated algorithms** reflect the new 2010 ECC Guidelines.
- **Completely redesigned Cohn's Pocket Guide for ECG Interpretation**, a plastic heart rate ruler, aids both students and practitioners in rhythm interpretation.
- **Expanded appendix** provides illustrations of ECG complexes as they relate to heart damage.

### From reader reviews:

#### **Deborah Knight:**

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each publication has different aim or perhaps goal; it means that book has different type. Some people experience enjoy to spend their the perfect time to read a book. They may be reading whatever they get because their hobby will be reading a book. Think about the person who don't like studying a book? Sometime, man feel need book whenever they found difficult problem or maybe exercise. Well, probably you'll have this Flip and See ECG.

#### **Patrick Oneil:**

As people who live in typically the modest era should be change about what going on or info even knowledge to make these people keep up with the era that is certainly always change and advance. Some of you maybe will probably update themselves by reading through books. It is a good choice for you but the problems coming to anyone is you don't know which one you should start with. This Flip and See ECG is our recommendation to make you keep up with the world. Why, because this book serves what you want and want in this era.

#### **Thomas Obrien:**

A lot of people always spent their own free time to vacation or go to the outside with them loved ones or their friend. Do you know? Many a lot of people spent these people free time just watching TV, or maybe playing video games all day long. In order to try to find a new activity this is look different you can read a book. It is really fun to suit your needs. If you enjoy the book you read you can spent the entire day to reading a e-book. The book Flip and See ECG it is very good to read. There are a lot of those who recommended this book. These people were enjoying reading this book. Should you did not have enough space to create this book you can buy the e-book. You can m0ore simply to read this book out of your smart phone. The price is not very costly but this book has high quality.

#### **Bethany Zuniga:**

As a pupil exactly feel bored to help reading. If their teacher expected them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Flip and See ECG can make you really feel more interested to read.
