Workaholic Ross Kennedy never learned to enjoy life until he meets the woman of his dreams. If only Laurie Miller can convince him that's exactly who she is.

A psychologist with empathic abilities, Laurie rescues Ross, who has been stranded in the middle of a Montana blizzard. The two strangers are completely snowed in and out of contact. In just a few days, their attraction to each other is overwhelming, but Laurie is troubled. Her empathic gift seems to have vanished. Fascinated by his pretty rescuer, Ross struggles to open up his heart enough to let this woman in.

When the two return home to Chicago, they try to solve a mystery revolving around a Prohibition Era journal they discovered in Montana. Will they find the missing treasure the journal points to? And as a former boyfriend begins to stalk Laurie, how will Ross be able to protect her?

*"Ross Kennedy begged me to write this book. The attorney was 'left behind' in Murphy's Law when Katie chose Seth, the man she was meant to love. But how could I let Ross be all alone? And for a hero like Ross, I needed a heroine just as special - a woman like Laurie Miller who would not only complement him, but complete him." ~Sandy~*
