Taking the reader through how to pursue each type of business successfully, it looks at everything from researching the competition, training and internships, to how to get your first job, develop a network and grow the business.

As well as all the practical information required to start a gardening business, this essential guide profiles 20 individuals and tells their inspiring stories - from the doctor who became a garden designer and whose work ended up on national television, to the high-flying fashion director who gave up the rat race to make a living from growing traditional roses.
