The Guardian Jeffrey Konvitz

The evil continues in this sequel to the *New York Times*–bestselling *The Sentinel*

Satanic forces return to an apartment building on Manhattan's Upper West Side with the discovery of a grotesque, charred body and two other eerily linked murders. When the young woman who stumbles upon the body is raped, her husband begins a furious quest for revenge. Meanwhile in the building, a blind and paralyzed nun with sinister intentions stares vacantly out of an upstairs window and a cunning priest tries desperately to save more innocent lives from destruction. Full of hellish twists and turns, *The Guardian* is a story of what happens when you come face to face with evil incarnate.

From reader reviews:

Vicki Shah:

The book The Guardian make one feel enjoy for your spare time. You can utilize to make your capable much more increase. Book can to be your best friend when you getting tension or having big problem using your subject. If you can make examining a book The Guardian to become your habit, you can get much more advantages, like add your current capable, increase your knowledge about a number of or all subjects. You are able to know everything if you like start and read a e-book The Guardian. Kinds of book are several. It means that, science guide or encyclopedia or others. So , how do you think about this reserve?

Deborah Knight:

What do you concentrate on book? It is just for students because they're still students or this for all people in the world, the particular best subject for that? Just you can be answered for that concern above. Every person has several personality and hobby for each other. Don't to be compelled someone or something that they don't desire do that. You must know how great in addition to important the book The Guardian. All type of book is it possible to see on many options. You can look for the internet solutions or other social media.

Rose Duprey:

As people who live in the modest era should be up-date about what going on or facts even knowledge to make these people keep up with the era and that is always change and progress. Some of you maybe will probably update themselves by looking at books. It is a good choice for yourself but the problems coming to anyone is you don't know what kind you should start with. This The Guardian is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and wish in this era.

William Quesada:

Is it anyone who having spare time after that spend it whole day simply by watching television programs or just telling lies on the bed? Do you need something new? This The Guardian can be the reply, oh how comes? A book you know. You are therefore out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these ebooks have than the others?
