A book containing family recipes can benefit any person. Recipes have traditionally been passed down from mother through daughters throughout the years. Things have changed through the years, however. Fewer recipes are being passed down to all the children in a family. Plus, women are no longer the only ones who now find themselves preparing food in the kitchen. When one is single, they often cook their own dinners. It is too expensive to always go out or order in. Additionally, couples now split dinner preparation duties. The answer to these concerns is to have a book of family recipes created that everyone in the family is able to secure a copy to. By having the recipes written and collected, they will be passed down and continued.
