## **Mediating Dangerously: The Frontiers of Conflict Resolution** Kenneth Cloke

Sometimes it's necessary to push beyond the usual limits of the mediation process to achieve deeper and more lasting change. *Mediating Dangerously* shows how to reach beyond technical and traditional intervention to the outer edges and dark places of dispute resolution, where risk taking is essential and fundamental change is the desired result. It means opening wounds and looking beneath the surface, challenging comfortable assumptions, and exploring dangerous issues such as dishonesty, denial, apathy, domestic violence, grief, war, and slavery in order to reach a deeper level of transformational change.

*Mediating Dangerously* shows conflict resolution professionals how to advance beyond the traditional steps, procedures, and techniques of mediation to unveil its invisible heart and soul and to reveal the subtle and sensitive engine that drives the process of personal and organizational transformation. This book is a major new contribution to the literature of conflict resolution that will inspire and educate professionals in the field for years to come.
