Cutting-Edge Cabinetmaking

Robert Ingham

Cutting-Edge Cabinetmaking Robert Ingham

An outstanding guide by a leading figure in cabinetmaking: Robert Ingham. Ingham has an unrivalled reputation as a designer and an artist, and this, his first and possibly only book, offers unprecedented insight into his philosophy on design, materials, and construction. Aimed at intermediate to experienced cabinetmakers, as well as Robert's many admirers, it draws together his most thought-provoking articles from *Furniture & Cabinetmaking* magazine. With a mix of practical tips, inspiration, and superb images, Ingham discusses everything from his innovative development of jigs to his boundary-pushing techniques and aesthetics. Woodworkers will especially appreciate the five beautiful projects: a workbench, sideboard, oak china cabinet, chest of drawers, and laminated dressing table. A gorgeous gallery of Robert Ingham's finest pieces completes this must-take workshop.
