Of Men and Mountains William Douglas

William O. Douglas was one of that rare mix of man that helped define America, a judge of the supreme court and also a lifelong outdoorsman. This is his story in his words and conveys the joy he felt for the wild untouched vastness of the great forests and the high snow capped peaks which he pitted himself against. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
