When Katie Butler accepted the position as a firefighter, she knew the job was dangerous. What she didn't know, however, was how dangerous it really would be. Forced to relocate to a temporary fire station, Katie and her colleagues are soon confronted by the Ghost of old Fire Station 18. Calling the once abandoned station his home, the ghost sets off on a campaign of mischief to rid himself of his unwelcome guests. Little does he know, however, that firefighters aren't easily scared off, and that they may have a couple of tricks up their own sleeves. From the author who brought you, "My Buddypack" and "Divided World," comes this fictional, yet realistic look into the life of a firefighter and what happens when one probationary firefighter meets up with one lonely and misguided ghost...The Ghost of Fire Company 18.
