This clearly written, thought-provoking, and often witty text takes the reader on a grand tour of the ceramic fancywares produced by Noritake. Included are bowls, boxes, figurines, lamps, plaques, teasetts, vases and other delicate porcelains. Over 1,000 stunning color images display these eye-catching objects to their best advantage. While concentrating on the wares produced between 1921 and 1941, fancywares from as early as 1908 and as recently as the 1980s are also portrayed. This book is so well organized, even the novice will be using it with confidence within minutes. Included as well are clear images of the many Noritake backstamps, a bibliography, an index, and current market values in the captions.
