In 1993, black teenager Stephen Lawrence was stabbed to death in a racist attack by a gang of white youths. The police investigation failed to provide sufficient evidence to convict.

Based on the harrowing transcripts of the public inquiry, this is a dramatic reconstruction of the first hearings which reflected the national outcry at the police's mishandling of the case. First seen at the Tricycle Theatre, London, this remarkable production received instant acclaim and subsequently transferred to the West End.
