This book gives you two ways to avoid dialysis AND the way to cure yourself of chronic kidney disease and kidney stones naturally as the author did !

This book is NOT about gimmicks. The cure for kidney disease is proven science that your doctors COULD tell you, but don't !

By doing what this book says, the least you will do is greatly improve your health.

There is no other book available that gives you the information that is in this book.

This book empowers you with the knowledge to save your own life and cure yourself of chronic kidney disease, Diabetes, Gout, Heart Disease and Kidney stones. And for the rare few who do not, the least you will do is significantly improve your health.

This book is not from some author who picked this book to be his next subject to write a book about ! No, this book was written by a man who had to learn these things he shares in this book just to save his own life ! After doctors diagnosed him with chronic kidney disease, he was told he would be on dialysis or dead by 2008 or 2009. And without any help for his kidneys from the medical profession, he used himself as the guinea pig to see if he could make his kidneys better and thus, save his own life. This book tells you how he succeeded at that !

Doctors have no cures. Doctors only treat your diseases to prolong them to maximize their income.

Doctors do not study cures. So cures can only be found outside the medical profession.

But there is one Doctor in America that can help you avoid dialysis through his clinically proven drug treatments. Find out about that doctor in this book.

Since all disease is caused by poisons(except for the 20% caused by viruses and germs) avoiding poisons is the key to preventing and curing almost all diseases. Get rid of the cause of the diseases and you get rid of the diseases. This is why you have to get serious about avoiding and eliminating poisons in our food, drinks and water supplies. And that's what this book teaches you how to do !

When you get the book, know that Chapter 5 means get both a water and shower filter. Then use Chapters 6

& 7 in guiding you in eliminating poisons from your food and drinks. Chapter 8 gives the details of what the author went through with doctors as he was "dying". Chapter 9 gives you specific things to speed your healing for the 3 main diseases that almost all kidney patients develop.
