Psychology (Part I) Hardeep Kaur Shergill

This book is a must-keep for all those students of Psychology who are the beginners of the subject. The book brings forth different schools of psychology together, along with the research-based and experimental studies on the subject. The book dwells onto the process of learning and memorizing, and the role of psychology in it. The psychological tests to differentiate one individual from another are also dealt with separately.

Designed for the undergraduate students of psychology, this book can also prove beneficial for the practising psychologists
