Pocket Guide to Body CT Differential Diagnosis

Richard Slone

Pocket Guide to Body CT Differential Diagnosis Richard Slone

This practical, picket-sized guide provides a system-by-system breakdown of common and rare differential diagnoses as seen in the clinical setting. For ease of use, common diagnoses are indicated in boldface type with the less common appearing in italics. The book comes straight from the trenches of the Mallinckrodt Institute of Radiology, where it has been battle-tested, streamlined, and improved over the years for residents and fellows in radiology. Aids to differential diagnosis are among the best-selling titles in radiology, and Mallinckrodt's reputation as a leading institution of radiology is accepted without question in the field.
