**South Africa, Past, Present and Future: Gold at the End of the Rainbow?** Tony Binns, Alan (St Mary'S University College) Lester, Etienne (Rhodes University, Grahamstown, South Africa) Nel

This is the first book to combine a discussion of post-apartheid development initiatives with an extended historical analysis of South Africa's dynamic race, class, gender and ethnic identities. Bringing together the research of an historical geographer and two development geographers, the book enables us to locate the post-apartheid transition in a broad historical and spatial perspective. Within this perspective, the limitations as well as the achievements of South Africa's current transformation are highlighted.
