*The Masses* was the most dynamic and influential left-wing magazine of the early twentieth century, a touchstone for understanding radical thought and social movements in the United States during that era. As a magazine that supported feminist issues, it played a crucial role in shaping public discourse about women's concerns. Women editors, fiction writers, poets, and activists like Mary Heaton Vorse, Louise Bryant, Adriana Spadoni, Elsie Clews Parsons, Inez Haynes Gillmore, and Helen Hull contributed as significantly to the magazine as better-known male figures.

In this major revisionist work, Margaret C. Jones calls for reexamination of the relevance of *Masses* feminism to that of the 1990s. She explores women contributors' perspectives on crucial issues: patriarchy, birth control, the labor movement, woman suffrage, pacifism, and ethnicity. The book includes numerous examples of the writings and visual art of *Masses* women and a series of biographical/bibliographical sketches designed to aid other researchers.
