Rabies

Rabies

Rabies offers a complete account of one of the oldest known diseases threatening public health today. Unlike most research-oriented descriptions of rabies, this book provides a narrative about the disease and its etiologic agent, encompassing the historical background to recent developments. The emphasis on the basic biology and molecular virology of the disease is intended to convey an understanding of the underlying mechanisms involved in the disease - essential information for diagnosis and prevention strategies. Current methods used in defining geographic origins and animal species of rabies viruses in wildlife are presented, along with diagnostic methods for identifying the strain of virus based on its genomic sequence and antigenic structure. The latest approved methods for controlling rabies in wildlife species are also covered. This account of rabies will interest clinicians, public health advisors, epidemiologists, research scientists, and anyone involved in diagnosing, treating, controlling, and preventing this disease.

Key Features

- * A history of rabies from antiquity to the modern era
- * Basic biology and molecular virology
- * Epidemiological aspects
- * Pathogenesis and pathology of the disease
- * Clinical manifestations and diagnostic evaluation in humans and animals
- * Preventive measures in humans and animals

From reader reviews:

Forest Nelson:

A lot of people always spent their particular free time to vacation as well as go to the outside with them household or their friend. Do you realize? Many a lot of people spent that they free time just watching TV, or maybe playing video games all day long. If you would like try to find a new activity that is look different you can read a new book. It is really fun to suit your needs. If you enjoy the book which you read you can spent 24 hours a day to reading a guide. The book Rabies it is rather good to read. There are a lot of people that recommended this book. We were holding enjoying reading this book. When you did not have enough space bringing this book you can buy the e-book. You can m0ore simply to read this book from the smart phone. The price is not to cover but this book offers high quality.

Harold Baughman:

Your reading 6th sense will not betray you, why because this Rabies publication written by well-known writer who really knows well how to make book that can be understand by anyone who else read the book. Written in good manner for you, leaking every ideas and publishing skill only for eliminate your personal hunger then you still question Rabies as good book but not only by the cover but also through the content. This is one publication that can break don't assess book by its handle, so do you still needing a different sixth sense to pick this kind of!? Oh come on your looking at sixth sense already said so why you have to listening to a different sixth sense.

Sophia Whitfield:

Are you kind of occupied person, only have 10 or even 15 minute in your day to upgrading your mind proficiency or thinking skill even analytical thinking? Then you are receiving problem with the book when compared with can satisfy your short time to read it because pretty much everything time you only find reserve that need more time to be learn. Rabies can be your answer mainly because it can be read by you who have those short spare time problems.

Joan Davis:

This Rabies is brand new way for you who has intense curiosity to look for some information given it relief your hunger of information. Getting deeper you in it getting knowledge more you know or you who still having bit of digest in reading this Rabies can be the light food to suit your needs because the information inside this particular book is easy to get by means of anyone. These books develop itself in the form and that is reachable by anyone, sure I mean in the e-book type. People who think that in guide form make them feel tired even dizzy this reserve is the answer. So there is no in reading a guide especially this one. You can find what you are looking for. It should be here for a person. So , don't miss the item! Just read this e-book kind for your better life and also knowledge.
