Henrich's Principles and Practice of Dialysis Edgar Lerma MD

Improve your patients' quality of life with evidence-based, practical guidance on every aspect of today's dialysis.

For more than 20 years, **Henrich's Principles and Practice of Dialysis** has been the go-to resource for comprehensive, accessible information on the challenges of managing the wide variety of patients who receive dialysis. This Fifth Edition brings you fully up to date with new chapters, a new eBook edition, two new editors and new contributors who offer practical experience and a fresh perspective. Clearly written and unique in scope, it helps you meet the growing demand for this procedure by providing a solid foundation in both basic science and clinical application.

Key Features:

- **All chapters are fully updated** and offer unparalleled coverage of the changing nature of modern dialysis practice.
- **A new chapter on pregnancy and dialysis** addresses the unique needs of this special patient population.
- **A new chapter on cystic kidney disease and ESRD** provides the latest information on complications that can lead to kidney failure.
- **Other new chapters** include home hemodialysis, the wearable artificial kidney, and respiratory disorders in dialysis patients.
- **Sections cover technical and procedural considerations** in hemodialysis and peritoneal dialysis, clinical considerations in the evaluation of dialysis patients, drugs and intoxications, dialysis in the pediatric population, and the business of dialysis.

Now with the print edition, enjoy the bundled interactive eBook edition, which can be downloaded to your tablet and smartphone or accessed online and includes features like:

- **Complete content with enhanced navigation**
- **Powerful search tools and smart navigation cross-links** that pull results from content in the book, your notes, and even the web
- **Cross-linked pages, references, and more** for easy navigation
- **Highlighting tool** for easier reference of key content throughout the text
- Ability to **take and share notes** with friends and colleagues
- **Quick reference tabbing** to save your favorite content for future use

From reader reviews:

Ellen McNulty:

Do you have favorite book? If you have, what is your favorite's book? E-book is very important thing for us to understand everything in the world. Each guide has different aim or even goal; it means that publication has different type. Some people feel enjoy to spend their time to read a book. These are reading whatever they acquire because their hobby is reading a book. How about the person who don't like reading a book? Sometime, man or woman feel need book if they found difficult problem as well as exercise. Well, probably you should have this Henrich's Principles and Practice of Dialysis.

Patricia Rivera:

The book Henrich's Principles and Practice of Dialysis can give more knowledge and information about everything you want. Exactly why must we leave a good thing like a book Henrich's Principles and Practice of Dialysis? Wide variety you have a different opinion about publication. But one aim that book can give many facts for us. It is absolutely correct. Right now, try to closer along with your book. Knowledge or info that you take for that, you are able to give for each other; you can share all of these. Book Henrich's Principles and Practice of Dialysis has simple shape however you know: it has great and big function for you. You can seem the enormous world by available and read a book. So it is very wonderful.

Betsy Haley:

As a student exactly feel bored to reading. If their teacher asked them to go to the library or to make summary for some reserve, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the educator want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Henrich's Principles and Practice of Dialysis can make you sense more interested to read.

Mark Morrow:

Many people said that they feel uninterested when they reading a publication. They are directly felt the item when they get a half elements of the book. You can choose typically the book Henrich's Principles and Practice of Dialysis to make your reading is interesting. Your skill of reading proficiency is developing when you such as reading. Try to choose straightforward book to make you enjoy you just read it and mingle the idea about book and reading especially. It is to be initial opinion for you to like to available a book and read it. Beside that the reserve Henrich's Principles and Practice of Dialysis can to be your friend when you're truly feel alone and confuse with what must you're doing of the time.
