**Killing Kebble: An Underworld Exposed (New Postscript and Author Interview Only eBook)** Mandy Wiener

In September 2005, Brett Kebble, a prominent South African mining magnate, was killed on a quiet suburban street in Johannesburg in an apparent 'assisted suicide'. The top-level investigation that followed was a tipping point for democratic South Africa, which implicated an astonishing array of high-profile politicians and public figures as well as illuminating the shadowy depths of Johannesburg's underworld. This eBook edition of Killing Kebble contains only the new material that was added to the revised and updated paperback edition of Killing Kebble in 2012. Included in this eBook is: a Postscript that brings readers up to date on events and the people involved in this story since the publication of Killing Kebble in April 2011; and an extensive Author Interview that explores the author's background, people's reactions to the book and its impact on the author's life.
